Subject: Underwater Abandoned Pipeline Facilities

Information Officer
Research and Special Programs Administration
Department of Transportation

Dear Sir:

This e-mail is to inform your office that Northern Indiana Public Service Company does not have any abandoned crossings of commercially navigable waterways to report as of April 10, 2001.

I wanted to be sure that our lack of reporting in the past is not misconstrued as non-compliance. If you have any questions or require additional information, please contact me.

Jon Nadolski, Supervisor Regional Engineering Gas
Northern Indiana Public Service Company
